

## **INTERNATIONAL ACADEMY OF APPLIED SCIENCES**

### **ENGLISH COMMUNICATION COURSE FOR BEAUTY SURGEONS**

**Course Duration: 5 Training Days**

**Target Audience:**

Aesthetic Beauty Surgeons

#### **Overview**

This course aims to provide aesthetic beauty surgeons with the necessary language skills and confidence to communicate effectively with patients, colleagues, and suppliers in the English-speaking world. Through a mix of classroom instruction, role-playing scenarios, and practical exercises, participants will gain a deeper understanding of the English language as it relates to their profession and build the skills needed to succeed in the global aesthetic beauty surgery industry.

**The outline is composed of the following:**

#### **Day: 1 – Introduction to English for Esthetic Beauty Surgeons**

- I. Introduction to the course, course objectives, and expectations
- II. Common vocabulary and terminology used in aesthetic beauty surgery
- III. Basic grammar and sentence structure for clear communication with patients and colleagues
- IV. Practice exercises and role-playing scenarios to reinforce learning

#### **Day: 2 – Medical History Taking and Patient Consultation**

- I. Vocabulary and phrases for taking a patient's medical history in English
- II. Understanding cultural differences in patient communication and expectations
- III. Techniques for effective patient consultation and communication in English
- IV. Role-playing scenarios and practical exercises for real-world application

#### **Day: 3 – Procedures and Techniques**

- I. Vocabulary and terminology for aesthetic beauty procedures and techniques

- II. Common questions and concerns from patients and how to address them in English
- III. Understanding informed consent and legal considerations
- IV. Role-playing scenarios and practical exercises for real-world application

#### **Day: 4 – Post-Operative Care and Follow-Up**

- I. Vocabulary and phrases for discussing post-operative care and follow-up with patients
- II. Understanding common complications and how to communicate them in English
- III. Techniques for building trust and rapport with patients during the recovery process
- IV. Role-playing scenarios and practical exercises for real-world application

#### **Day: 5 - Professional Communication and Business Skills**

- I. Vocabulary and phrases for professional communication with colleagues and staff
- II. Understanding common business terms and procedures in the aesthetic beauty surgery industry
- III. Techniques for effective communication with suppliers, vendors, and partners in English
- IV. Role-playing scenarios and practical exercises for real-world application
